

If you get a pop-up "Security Information" message when going to an "https" site:

These are instructions to disable that pop-up message.

Step 1:

In Internet Explorer, navigate to: Tools > Internet Options

Step 2:

Select the "Security" tab and click on the "Custom Level" button.

Step 3:

Scroll down until you see the option: "Display mixed content" under the "Miscellaneous section. Select the option to "Enable"

Step 4:

Click Ok, Then "Yes" to save the changes.
