Letter to the Citizens

Citizens of the City of Pickerington, Ohio:

I am pleased to present to you the City of Pickerington's Popular Annual Financial Report (PAFR) for the fiscal year ended December 31, 2023. This report provides an analysis of the financial position of the City, where the revenues come from, where those dollars are spent, and an overview of local economic trends. My goal is to better communicate how the City is operating fiscally in a reader friendly financial publication.

The financial information for this report has been taken from the 2023 City of Pickerington Annual Comprehensive Financial Report (Annual Report). The Annual Report is comprised of 188 pages of detailed financial statements, notes, and schedules and 49 pages of statistical information. The Annual Report was prepared in conformance with Generally Accepted Accounting Principles (GAAP) and audited by the CPA Firm, Wilson, Shannon, & Snow, Inc., receiving an unmodified opinion. An unmodified opinion means that the general purpose financial statements of the City are fairly presented in all material respects.

The City of Pickerington's PAFR is un-audited and presented on a GAAP basis. The Annual Report contains more detailed information of all of the City's funds and can be obtained from the Finance Department at City Hall or on the City website at https://www.ci.pickerington.oh.us/departments/finance.

The City of Pickerington's PAFR is a means of increasing public confidence in City government and your elected officials through more user-friendly reporting. As you review the PAFR for 2023, I invite you to share any suggestions, questions or comments you may have at (614) 837-3974.

Financial Awards

The City of Pickerington has received the Auditor of State's "Award with Distinction" for outstanding commitment to the highest standards of financial reporting for the years 2005, 2006, and 2008 through 2022 due to filing of the Annual Comprehensive Financial Report (Annual Report) and having no audit citiations.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Annual Comprehensive Financial Report (Annual Report) for the year ended December 31, 2022. This was the nineteenth year the City had filed a Annual Report and received this award. In order to be awarded a Certificate of Achievement, the City had to publish an easily readable and efficiently organized Annual Report. The report must satisfy both generally accepted accounting principles and applicable legal requirements.

Government Finance Officers Association of the United States and Canada (GFOA) has given an Award for Outstanding Achievement in Popular Annual Financial Reporting to the City of Pickerington for its Popular Annual Financial Report for the fiscal year ended December 31, 2022. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports.

In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report, whose contents conform to program standards of creativity, presentation, understandability and reader appeal.

City Revenues

The City generates revenue from a variety of sources. The most significant revenue sources are income taxes and property and other local taxes. Income taxes and property and other local taxes comprise 61 percent of total revenues in 2023. Income tax revenue increase was primarily related to an increase in taxpayer returns from 14,911 in 2022 to 15,245 in 2023. The Fairfield County Auditor completed a re-evaluation of property tax assessed valuations which impacted property tax collections during 2023. The City saw an increase in investment earnings as it structured its investment portfolio to capture the change in interest rates. Charges for Services increased due to building permits including residential housing in developments such as Greystone and Wellington Park. Each of these residential developments and others are currently underway with newly constructed single-family homes and vacant lots remaining. During 2023, capital grants and contributions decreased by \$1,188,722 which was attributed to lower donated assets accepted in 2023 when compared to 2022. Lastly, miscellaneous receipts increased by \$173,415 or 90 percent and was primarily due to City receiving a large insurance payment to replace the police department's roof.

Proprietary Funds Revenue

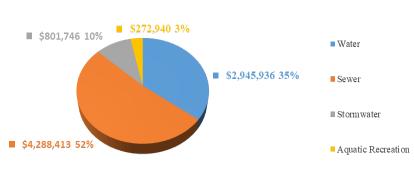

The City uses enterprise funds to account for its water, sewer, stormwater, and aquatic recreation center operations. For water and sewer operations, the City charges a fee to customers, based upon the amount of usage, to recover the costs of the services provided. For stormwater operations, the City charges a flat monthly fee per equivalent residential unit (ERU). For the aquatic recreation center the City charges a fee for pool passes.

During 2023, water and sewer revenues each increased, respectively. The increase in revenues for both funds was primarily due to residents spending a greater amount of time at home due to citizens working from home more, as well as the addition of 240 new user accounts. For 2023, stormwater revenues increased 7 percent. This increase directly correlates to the increase in additional utility accounts over 2023. Lastly, aquatic recreation center revenues increased 19 percent in 2023 over 2022. The number of pool season passes increased dramatically from 450 in 2022 to 513 in 2023, day passes decreased from 13,678 in 2022 to 12,024 in 2023. The shift in volume of sales is due to the City's increasing population and marketing techniques.

City Taxes

The Value of Income Taxes

The City of Pickerington levies a one percent income tax on income earned within the City, which applies to all qualifying wages, commissions, other compensation earned or received, and net income of for-profit organizations that conduct business within the City. City of Pickerington residents are given up to a one half percent credit on any of their wages that are taxed by another municipality and not refunded. Income tax collections consist of three sources: taxes from employee withholdings, taxes from individuals and taxes on net profits. As shown in the chart below taxes from withholdings make up the largest percentage of the City's income tax revenue. Employee withholdings are equivalent to one percent of the wages earned in the City which are deducted from employees' earned income and remitted by the employer. Taxes from individuals consist of one percent of individuals' income that was not withheld on the resident's behalf and remitted to the City. For example, self-employment income and net income earned from rental property are taxable to the City as earned income. Taxes on net profits are levied on the net income of all businesses located in the City.

Definitions

Withholdings 1.0% tax due on all employees whole work in the City, typically withheld from salary and paid to the city by the employer. Individuals 1.0% tax due on most additional income earned by individuals, including trusts, sole proprietorships, gamobling winnings, and rental income.

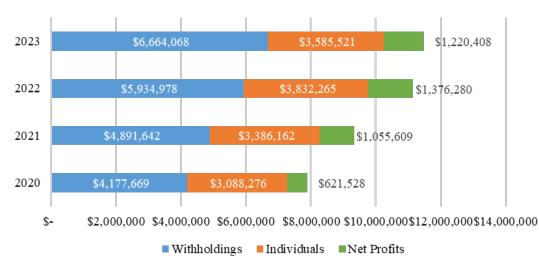

Net Profits

1.0% tax levied on the profits realized by the City of Pickerington businesses after all other taxes have been applied.

Income taxes are paid first to the municipality where an individual works and then where they live. The City of Pickerington provides 50 percent credit up to 1 percent for taxes paid to the municipality where you work.

In addition to concentrated efforts related to delinquent income tax collections and compliance, the City continues to expand economic development initiatives in an effort to increase and diversify the income tax base.

Where Property Taxes Go

One of the largest tax bills a property owner receives annually is their property taxes. Property taxes are administered by Fairfield County and are generally included in the property owners monthly mortgage payment. In 2023, property taxes received accounted for 14 percent of total governmental revenues and represented just 9 percent of the total taxes a property owner paid.

* Median Home Value (2023)

Understand Your Property Taxes

Property tax is based on the amount charged per \$1,000 worth of taxable property value, also known as millage. Amounts collected for levies, other than general operating levies, must be used for those specific purposes stated in the levies. The Fairfield County Treasurer's office collects property taxes and the Fairfield County Auditor's office distributes those taxes to the appropriate entities noted above.

City Expenses

The City of Pickerington's governmental activities account for most of the services provided by the City's various departments. The City's expenses are reported at the function level which describes the primary purpose of each expense. Thirty-eight percent of the City's operating budget is used for security of persons & property, which includes the Police Department. The increase in security of persons and property are attributed to the City using American Rescue Plan monies to pay for police salaries and benefits in 2022 and not receiving those monies in 2023. Transportation expenses represents 27 percent of the City's operating budget, which includes maintaing roads and curbs. Increase in transportation expenses are based on higher contractual related costs for street paving and curb replacement. General Government represents 22 percent of the City's operating budget. The decrease in general government expenses is attributed to replace outdated servers, laptops, and software as well as capital improvements at the building department offices and Carnegie building; a decrease in the legal department in the amount of \$42,568 due to employees waiving health insurance benefits; and a decrease in the public information department in the amount of \$34,416 due to having a joint State of the City address with the local chamber of commerce as opposed to hosting it individually.

Governmental Activities Highlights

- During 2023, Total governmental activities net position increased \$6,193,660. This increase is primarily due to anincrease in cash and cash equivalents in the amount of \$4,782,210 as revenues exceeded expenses, specifically an increase in investment earnings of \$3,045,026 as the City structured its investment portfolio to capture the change in interest rates. The Fairfield County Auditor completed a re-evaluation of property tax assessed valuations which impacted property tax collections during 2023, noting the City saw an increase of \$598,629. Finally, the City continues to grow and expand its income tax base combined with favorable local business conditions resulted in change of income taxes from \$11,068,282 to \$13,008,128 on the full accrual basis of accounting.
- Total governmental activities long-term liabilities increased \$5,899,144 based on increases to the City net pension and net OPEB liability obligations of \$6,765,920 reduced by principal payments totaling \$751,492 and compensated absences of \$97,121. The net pension liability and net OPEB liability increases represents the change in the City's proportionate share of the Ohio Public Employee Retirement and Ohio Police and Fire Pension system unfunded net position/ OPEB liability.

The increase in cash and cash equivalents is directly related to the City managing operations for water and sewer proprietary operations, which accounted for \$2,277,442 of the increase.
- Total business-type activities liabilities increased \$1,928,677. This increase, consistent with the increase in governmental activities liabilities, is attributed to City net pension and net OPEB liability obligations increases of \$2,717,424 reduced by principal payments totaling \$884,960 for general obligation bonds and Ohio Water Development Authority loan.

Economic Development

Commercial Development Projects 2023

Rooftops and Retail is the story of Pickerington's economy. Recent numbers show that the city's population is 25,256 with 7703 households. In the last five years there have been over 1000 new single-family homes built and there is a robust pipeline of 678 homes on the horizon. Housing values and sale prices remain very robust. During the month of December 2023, Central Ohio's median sales price climbed 7% from the same month in 2022. However, Pickerington stood out with a median sales price of \$449,900 - a 45% increase over last December. Not only are residents and housing values increasing – the household incomes have increased to \$114,573.

This vigorous new housing and income gains are powering the city's retail strength with 2023 statistics as follows: 1.4% retail vacancy rate (context: this is near all-time lows), and \$20.05 Avg retail rent per square foot (context: this is near all-time highs). These market conditions are causing inquiries on undeveloped land for new retail and commercial services especially on the City's east side. New investments in 2023 include:

- Kiddie Academy
- Kiwi Clubhouse (Daycare)
- Flyer's Pizza
- Duck Donuts
- Bob's Backyard BBQ
- Dollar Tree
- Body Ache Escape

2023 saw the long-awaited completion and opening of OhioHealth Pickerington Methodist Hospital. Final numbers were larger than anticipated:

- Six stories, 220,000 square feet
- 96 beds
- \$179 million investment
- 620 new jobs
- \$80 million in payroll

New services in the hospital include surgery (such as general surgery, neurosurgery, gastroenterology, orthopedics, urology and trauma). Women's health (including labor and delivery, gynecology, maternal fetal medicine, neonatology and more). Acute and specialty care (inpatient and outpatient), such as lung care, kidney care, infectious diseases and hospital medicine. Primary Care, Sports Medicine, Cancer Care, Heart and vascular (Including a cardiac cath lab), Stroke care with stroke interventional suite, Imaging, lab services, pharmacy, and rehabilitation services.

The Refugee Road Medical Corridor continues to take shape with Pickerington Methodist Hospital triggering a related development in late 2023. The area immediately west of the new hospital will be the site of a new 40,000 square foot building that will house a large regional physician owned orthopedic group. Careful land planning is taking place to protect and optimize the intersection of Refugee Rd and Stonecreek Drive. Furthermore, the beginning stretch of a new public road will extend west from this development opening up dozens more acres for commercial development.
