Hiring Process & Standards

Police Officer Candidates and Lateral Transfers

The Pickerington Police Department serves a population of over 23,000 city residents. We are proud to provide our residents with a highly professional, highly capable law enforcement agency. As a result, the Pickerington Police Department strives to hire the very best police officer candidates.

Our agency hires police officer candidates in one of two ways. One way is through our Police Patrol Officer Candidate hiring process and the other is by our Lateral Hire Police Patrol Officer Candidate hiring process. An example of a police patrol officer candidate is someone who has successfully graduated from a State of Ohio certified peace officer academy but may have little to no full-time law enforcement experience. A Lateral Hire Police Patrol Officer Candidate is a person who has *at least two years of full-time law enforcement patrol officer experience with a single agency* and meets additional requirements.

The primary difference between the two processes is the Lateral Hire Police Patrol Officer Candidates are not required to take the National Testing Network (NTN) on-line exam in the second step of our process. Their placement in the hiring process will be decided through an application, a resume, and their score from an initial interview score.

Step 2

Application Process

Police Officer Candidate Testing Phase - Even when the City of Pickerington is not actively recruiting police officers to fill vacancies, pre-requisite police officer testing is routinely and continuously offered through the National Testing Network (NTN). Successful completion of these entry level Ergo-metrics tests, are the mandatory first step in the Pickerington recruitment process. The eligibility test is good for one year from the date of the test. For details on these tests, consult www.ergometrics.org. For test locations, times and registration details, contact www.nationaltestingnetwork.com

Additional Ergo-metrics Testing Requirements

- Your Ergo-metrics Law Enforcement exam must be completed through the National Testing Network (NTN). The closest test center is at Columbus State Community College, downtown campus. However, due to COVID-19 pandemic, there is a virtual proctoring option available
- You must designate the City of Pickerington as a reporting agency for test scores.
- You must have completed OPOTA certification.
- You must have correctable vision in both eyes to 20/20 and not be color blind.
- Candidates who do not meet the minimum requirements will not be considered.

[Lateral Hire Patrol Officer Candidate Initial Application Process](#) - Those persons who qualify for consideration as a lateral hire candidate will be required to complete a Pickerington Police Department Lateral Hire Police Patrol Officer Candidate Application Packet. These completed packets will need to include copies of the lateral hire candidate's high school diploma or G.E.D. certificate, a copy of their driver's license, a resume, a copy of their current Ohio Peace Officer Training Academy (OPOTA) certificate, a signed document certification form and a notarized affidavit and release. Candidates are also asked to attach any additional significant paperwork, such as letters of commendation, awards and their DD-214, if applicable.

The application will be kept on file for one year after it is received. Applications received after a hiring deadline is posted for a vacant position will not be considered in that hiring process.

The City of Pickerington will not assume responsibility for timely receipt of application packets sent through the mail. Applications that are incomplete or are received after the deadline will not be considered.

Step 3

[Police Officer Candidate Selection](#) – The top twenty ranked candidates from the NTN testing pool will be invited to apply and continue in the recruitment process provided they:

- Identify the City of Pickerington as a reporting agency when they partake in the Ergo-metrics Law Enforcement testing through the National Testing Network will be considered for a vacancy.
- Successfully complete all portions of the written exam.
- Have taken the Ergo-metrics Tests within one year of the recruitment deadline date.

[Lateral Hire Candidate Packet Review](#) – All lateral hire candidate application packets will be reviewed by the Human Resources Director (or their designee) and the Pickerington Police Department Command Staff. This review will ensure that all applicants meet the minimum requirement standards.

Applicants that meet the minimum requirements will be scheduled for an initial lateral hire candidate interview and questionnaire. The questionnaire and interview will be used to develop a numeric score for an initial ranking of the lateral hire candidates. The interview will take place in front of a board of four members, made up of the Human Resources Director (or their designee), a patrol officer, a detective and a sergeant. The candidate's score will be the average of the scores given by each board member.

The top ten ranked lateral candidates will then proceed to the next phase of the hiring process. All other applications will be held in abeyance should another position become available within the year.

Applications that are incomplete or do not meet the minimum requirement standards will be immediately removed from consideration as a *lateral hire candidate*. However, these candidates would still be able to apply for a position through the NTN regular hiring process, so long as the application period has not closed.

Step 4

Physical Abilities Testing - The thirty ranked candidates who pass Step 3 will be invited to participate in a physical abilities test. If there are not enough applicants in one of the pools the remainder of the thirty candidates will be taken from the other pool (For example, if there are only five lateral transfers in the pool the remainder will be obtained from the NTN pool to fill the vacancies until there are thirty).

The physical abilities test will be administered by the Pickerington Police Department. The criteria include meeting physical ability standards set forth by the collective bargaining agreement for all officers and sergeants on the Pickerington Police Department. Candidates must meet the department's minimum standards for physical fitness for strength, flexibility, and endurance to move on in the process. Those who pass will be provided with a Personal History Questionnaire (PHQ) and a Computerized Voice Stress Analysis Questionnaire (CVSAQ). Both questionnaires must be completed in their entirety and received by the assigned deadline for all applicants who have passed the physical fitness testing.

The physical abilities test will be scored for each of the individual categories of strength, flexibility and endurance on a point system. The scores will then be combined with the NTN testing score for candidate applicants, and the Initial oral board scores for Lateral Transfer Candidates. The candidates will then be re-ranked on the combined scores.

Step 5

Administrative Review – The Personal History and CVSA Questionnaires will be reviewed by the police department command staff and human resources representatives to ensure there are no disqualifying factors as outlined in the Pickerington Police Department Hiring Process and Standards.

Candidates who have any disqualifying factors will be removed from consideration and will not progress any further in the hiring process.

The top ten candidates who pass the administrative review shall proceed to the next step. The rest of the applicants shall be held in abeyance.

Step 6

Truth Verification Test – All candidates will be given a truth verification test to validate the information provided in the CVSA Questionnaire and the Personal History Questionnaire.

Candidates who fail to show up at the appointed date and time will be removed from the process. Any candidate who fails the Truth Verification Test will be removed from the process.

Step 7

Background Investigation - A thorough investigation of your background and personal history will be conducted to determine your suitability for employment. The investigation will include criminal history, civil complaints and credit checks. Investigators will conduct interviews with, but not be limited to, family members, friends, neighbors, present and past employers, school officials, and other law enforcement agencies.

Background checks will continue until there are enough eligible candidates to fill the rule of three of the interview process. If applicants are removed from the hiring process during the background investigation and there are not enough candidates to fill the rule of three for the interview process, the applicants that were put into abeyance during the administrative review will be placed into the background investigation process until there are enough people to fill the rule of three for the interview process.

Step 8

Oral Review Board – Candidates who pass Step 7 of the hiring process will be invited to an Oral Review Board. This will be a panel of three to four professionals from the Pickerington Police Department and Human Resources Department.

To be admitted to the Oral Review Board, a candidate must produce a valid identification.

Oral Review Board members will question the candidate on practical and/or probable situations.

Candidates will then be re-ranked on the basis of their scores.

Step 9

Chief of Police Interview - The Chief of Police will interview the top three (3) highest-ranking candidates on both the Police Officer Candidate List and the Lateral Hire Police Patrol Officer Candidate list of those who have successfully completed all phases of the hiring process. If multiple vacancies exist, the Chief of Police will interview the required number of candidates necessary to fill the multiple vacancies and consider said number of candidates for selection in a manner consistent with the following illustration:

Candidates 1, 2, and 3 from each eligibility list are considered for the first vacant position; candidate 2 is selected for said vacant position; candidate 1, 3, and 4 are then considered for the second vacant position; candidate 1 is selected for said vacant position; candidates 3, 4, and 5 are then considered for the third vacant position.

The Chief of Police will decide whether to hire a lateral candidate or police officer candidate.

Step 10

Conditional Offer of Employment - Candidates selected for available vacancies in accordance with the procedures identified in this document, will be extended a conditional offer of employment and, at that time, be advised that they will be appointed based on the condition that they pass a psychological evaluation, medical examination and drug test.

Step 11

Psychological Examination - All candidates who receive a conditional offer of employment will be required to take a battery of psychological tests. These tests will be administered and evaluated by a licensed psychologist.

Medical Examination & Drug Screen - A licensed physician will conduct a complete medical examination to determine fitness to perform the essential job functions for the desired position.

Step 12

Final Appointment - Candidates who successfully complete all phases of the hiring process may be appointed as a Pickerington Police Officer. Candidates who successfully progress through the process will be notified by mail of future testing or reporting dates and times. Candidates who fail to successfully complete all phases of the process will be notified by mail of their disqualification. After appointment, the officer will be assigned to an extensive Field Training Period. This period lasts approximately 8-12 weeks.

Pickerington Police Department Police Officer Candidate Physical Abilities Test Standards

All officer candidates will be required to successfully pass the Pickerington Police Department's Physical Abilities Test (PAT). The PAT will be based on three physical fitness components: upper body strength, flexibility and agility/endurance. The Physical Abilities Test will be administered by police department staff members. Candidates unable to pass the PAT will be removed from any further hiring consideration.

The three physical abilities components will be scored as unsatisfactory (minimum standards not achieved), minimum (basic standards met), recommended (satisfactory standards met) and excellent (standards surpassed). Candidates must meet minimum standards for upper body strength and for agility/endurance to continue in the hiring process.

Upper Body Strength – A Smith Machine bench press is used to evaluate upper body muscular strength. The following is the proper technique to be used for the Smith Machine bench press:

- Your bottom must stay in contact with the bench (no bouncing)
- Elbows must travel past the parallel point of the body
- No bouncing the bar off the chest
- Candidates must lock out the barbell at the top for a good lift
- Your feet must stay in contact with the floor
- The applicant has their choice of hand positioning, feet positioning, and body position on the bench. A spotter may lift the bar off the upper machine if requested by the applicant.

A candidate's score for upper body strength testing will be determined by their current weight and age group. For example, using the table below, a 180 pound male candidate, who is between the age of 30 and 39, will need to press 88% (or 0.88) of their body weight to meet the minimum standard: 180 lbs. X (0.88) = 158 pounds. To score excellent, they need to press 108% (1.08) of their body weight: 180 lbs. X (1.08) = 194 pounds.

Candidates may remove their shoes for the test. They will sit upright on the floor with their back straight and their legs fully extended in front of them and the bottom of their feet against the sit-and-reach box. While keeping the backs of the knees flat against the floor and their feet against the box, candidates will place their hands on top of one another and slide them forward as far as they can pushing the shuttle.
